Miss Nina Caduff and David Powers.

A sensational development in the Western Fuel coal frauds cases in San Francisco last week was the arrest of David Powers, the government's chief witness, on the complaint of Nina Caduff, who alleges that he betrayed her. A grand jury investigation was at once ordered. The government believes that the arrest of Powers was plotted by the wealthy defendants in the case, who wish to discredit the government's witnesses. Miss Caduff made the same complaint against Powers some months ago, but her charges then fell through.

OFFICERS

Of the Lodge of Odd-Fellows at Wolf Summit for Year Are Duly Installed.

WOLF SUMMIT, Jan. 3.—Harrison Lodge, No. 2223, Independent Order of Odd Fellows, met Wednesday night in regular session and installed officers for the ensuing year, who had been elected at a previous meeting. A large number of members and visitors were present, among whom was A. J. Wilkinson, grand secretary, of Huntington; L. T. Baker, district deputy grand master, of Weston; and E. M. Nuzum, F. I. Day and Herbert Keller, of Clarksburg.

The initiatory degree was conferred on D. M. Cunningham.

The formal ceremony was followed by an elaborate banquet served in the new banquet hall.

Following are the officers installed:

F. M. Leep noble grand, Harry Johnson vice grand, C. B. Merryman secretary, W. F. Meredith treasurer, Leroy Hurst right supporter to noble grand, W. A. Perine left supporter to noble grand, James B. Smith warden, H. M. Furno conductor, M. W. Smith right supporter to vice grand, B. E. Merryman left supporter to vice grand, W. H. Roach outside guardian, A. E. Zinn inside guardian, L. B. Hurst chaplain, L. F. Wagner right scene supporter and W. J. Hanbison left scene supporter.

COALING

Station is again Established at Tunnelton by Baltimore and Ohio Railroad.

After having discontinued coaling engines at Tunnelton for nearly two years the Baltimore and Ohio railroad has again started taking coal there, and will probably make this a permanent coaling station. The figures are not available as to how much coal will be used there per day but it will amount to a considerable amount. As a result of coaling at that place the supply of coal taken from Grafton and Rowlesburg will be considerably reduced, and efforts made to make Tunnelton the main coaling station on that part of the Baltimore and Ohio railroad.

The Baltimore and Ohio railroad coaled its engines at the plant of the Merchants Coal Company at Tunnelton for a number of years. When the Blaster to the West End improvements were started by the road about four years ago, this improvement interfered with coaling there, but it was continued up until the time this big improvement was completed and the new tracks put into service.

IF BACK HURTS USE SALTS FOR KIDNEYS

Eat Less Meat if Kidneys Feel Like Lead and Bladder Bothers.

Most folks forget that the kidneys like the bowels, get sluggish and clogged and need a flushing occasionally, else we have headache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless, inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Advertisement.
